TIPS

Pre-cleanse with the **Calming Makeup Remover** to remove makeup or sunscreen.

Apply the **Antioxidant Skin Firming Serum** as a makeup primer by patting on the skin and leaving for a few minutes before applying any sunscreen or makeup. The **Antioxidant Skin Firming Serum** can be applied after makeup to help it stay on longer. It can also be reapplied throughout the day for skin protection, hydration, to smooth fine lines and tighten the skin.

Apply **Revitalising Eye Cream** around the lip area to assist in the prevention of fine lines.
